

MBA B-SCHOOL RANKING

It is important to find the right B-School among the most aspired and reputed. One that offers an excellent track record, high quality education, and a pick at one of the best corporates.

To simplify your B-School selection process we have categorized India's top B-Schools into six clusters. The rundown of B-Schools in India can go on forever, be that as it may, we have attempted to constrain the categorization to the better and progressively known B-Schools.

As you proceed in the list from top to bottom, the level of differentiation between both the schools and the clusters significantly diminishes. When reviewing B-schools within a cluster, the preference generally diminishes as you read further from top to bottom. For example, in Cluster 1, while we cannot really differentiate between IIM A, B and C. IIMA tops the list based on its brand value and reputation and C comes in second place since its fees is the lowest amongst the three.

Tools to Crack CAT

- MBA Profilizer
- CAT 2020 Analytics
- CAT Online Classes
- CAT Test Series

Before taking final admission into any of these B-schools, please ensure that you speak to some students of the current batch and a few of their alumni, and visit the official website of the respective institutes for detailed information.

Ranking Methodology of MBA institutes

Ranking methodology - The parameters basis which B-schools are evaluated and numerically ranked are as follows:

- Placement records of the last three years
- Infrastructure: school and learning environment
- Faculty
- Geographical location: proximity of B-schools to business hubs
- Entrance exams applicable
- Interaction with alumni

Top MBA Institutes in India

India is sprawling with quality B-schools, but some are better than others in a few aspects. While choosing a B-school, there are a few parameters that you should keep in mind, which include, its reputation, the alumni network, the faculty and of course the corporate connection it has. We have categorized India's top B-Schools into six clusters based on the above mentioned parameters which will help you select the ideal B-school that you want to target as your MBA destination. As we all know, there is no dearth of B-schools in India, but for this list, we have chosen only the most progressive and most reputed colleges in the country.

Disclaimer: While this list, designed on the predictions made by CL experts, serves as a guide for selecting a toplevel B-school, do not constrain your research to this list only. We advise you to talk to some of the alumni members, go through the official website of the college and visit the campus if you can before taking admission in any of the below-mentioned institutes :

Top MBA Colleges Cluster 1

IIM Ahmedabad, Calcutta and Bengaluru have firmly cemented themselves as the best three B- schools in the country. They are unshakable from those positions due to their splendid placement records, unmatched reputation and endless opportunities. These institutes stand as crème de la crème institutes. FMS Delhi, IIM Lucknow and XLRI are all equally good and one can choose either of these based on one's specific requirements. For candidates who have over 3 years of work experience, ISB Hyderabad could be a superb choice as it offers a one-year course and accepts GMAT scores for admission. However, if ROI is your priority then you should be looking at FMS, TISS and JBIMS as they stand out from the rest due to their exceptionally low fees.

Many other IIMs and non-IIM colleges are part of cluster 2. This cluster shows that some non-IIM institutes make their mark as better B-schools than most of the IIM colleges in terms of growth, learning and placements. IIFT Kolkata is also listed in cluster 2 along with IIFT Delhi because that they have common placements and hence there is no disparity among the two institutes. IIML ABM is preferred over IIMA FABM because while IIML does not differentiate between ABM and PGP in terms of placement opportunities, IIMA has a separate placement process for PGP and FABM. Most interesting is National Institute of Industrial Engineering (NITIE) renowned for its operations courses making its way in cluster 2.

* same ranking for the two institutes because of the common placements and almost the same set of faculty teaching at both campuses.

The new IIMs feature in this cluster. IIM Ranchi is seen to be gearing up as the HRM program by IIM Ranchi has been appreciated by the industry. IIM Udaipur has done exceedingly well in the last one year in building its reputation as a good B-school among the new IIMs. Its AACSB accreditation will helps its cause. B-schools such as MICA and IRMA that offer specialized programs also find their spot in this cluster. It must be understood that in their specialization, these two B-schools are the best in the country. For example, MICA is regarded as one of the top most B-schools in country for its Marketing and Advertising program. NMIMS should be looked up for finance while SIBM for marketing and HR.

For candidates with over 2 years of work experience Great Lakes Chennai 1 year program (PGPM) can be considered over others as it has excellent industry recognition, while also keeping in mind distance learning courses from IGNOU and Annamalai University as options. In this cluster the IITs can be preferred over the others due to their low fee and good placements. *same ranking for the three institutes as the placements are at par and all three have similar location benefits and are at parity with each other.

The highlights of this cluster are B-schools like IMI Delhi, XIMB, KJ Somaiya, TAPMI which are ranked on the basis of quality opportunities and location. These colleges are equally good based on their past records. In terms of ROI the best institutes in this cluster are MFC, DU and MSc Finance JBIMS followed by NITIE and the IITs.

Apart from the ones mentioned above, even other colleges are not far behind. Many aspirants who are unable to crack CAT with good score can definitely think of taking up any of these colleges. The final choice is made based on preferences and the requirements of the candidate. Also, Bennett & Coleman Group's Benenett University finds its way in this cluster right in the first year of its inception. This is majorly because for its first batch, Bennett had assured a package of at least 7.5 LPA, for every student, at any of the companies of the Times Group. This kind of a placement guarantee helps it in getting to Cluster 5.
